

Presbyterian Centennial High Lights

Outstanding Presbyterian leaders in Arkansas and the South will come to Hope when the First Presbyterian church celebrates its 100th anniversary Saturday and Sunday, June 10-11. The local church was established June 8-9, 1861, in the rural Greenwood Community three miles north of Hope. The church was moved to Hope in 1874.

The headline speaker at the Saturday night session will be Dr. James A. Millard Jr., Atlanta, Ga., stated clerk and treasurer of the Presbyterian Church in the U.S., popularly called the Southern Presbyterian church. As the Southern church is also observing its Centennial later this year, Dr. Millard's subject, "A Commitment in a New Century," will apply to the whole denomination as well as to the local congregation.

A native of Bristol, Tenn., Dr. Millard served pastorates in New Orleans, Georgia and Hot Springs before his selection as stated clerk of the General Assembly, the top, permanent executive office of the church, in July, 1959. Heading the Arkansas delegation of visiting church dignitaries will be Dr. Marion A. Boggs, pastor of the Second Presbyterian church, Little Rock, and immediate past moderator of the General Assembly. He will bring greetings from the General Assembly and will pay tribute to Dr. John T. Barr of Norman, who has recently retired after 50 years of devoted service to the people of the Arkansas hills.

Another church leader from Little Rock will be Dr. Joseph A. Norton, M.D., moderator of the Arkansas Synod of the Presbyterian church.

Dr. Boggs, Dr. Barr, Dr. Norton and Dr. Thomas Brewster of San Angelo, Tex., a former local pastor will appear on the Saturday afternoon program beginning at 1:30 and followed at 3 p.m. with a reception. A buffet supper will be served from 6 to 7:30 Saturday with the evening program beginning at 8 o'clock. Haskell Jones, general chairman for the Centennial, will preside during the afternoon and Judge James H. Pilkinton will preside that night and present Dr. Millard, the principal speaker.

Activities on Sunday will begin with a social hour from 8:30 until 10 o'clock with the Rev. James Logan Jr., pastor of the Forest Hill United Presbyterian church in Fort Worth, Texas, teaching a joint session of the men's and women's Sunday School classes. The Rev. Mr. Logan supplied the local pulpit for several months while a student at Austin Presbyterian Theological Seminary, in Austin, Texas.

The Centennial sermon at the morning worship will be by Dr. Stuart R. Oglesby, native of Hope who was pastor of the Central Presbyterian Church, in Atlanta, Ga., for 28 years and is now pastor emeritus of that church.

The final session of the Centennial celebration will be held Sunday afternoon at the original site of the Greenwood church with the Rev. Robert Hyatt, native of Hope who is serving his first pastorate at Millington, Tenn., as principal speaker. John Lowe will preside at this service and he has been in charge of the erection of a monument which will be unveiled that afternoon.

Rape, Riot at Rock 'n Roll Brawl

SANTA MONICA, Calif. (AP)—A wild brawl ended a Saturday night beach party, planned for a few thousand rock 'n' roll fans, at which more than 25,000 showed up.

One girl was raped, another was beaten to the sand and stomped by rioters, and a third suffered a serious eye injury when a firecracker was thrown in her face.

Fifty sheriff's officers and highway patrolmen braved a barrage of rocks, beer bottles and cans to break up the mob. Fourteen youths were arrested.

Rioting members of the vast throng ripped plumbing out of public rest rooms and tore parts off lifeguard towers to build giant bonfires. Singer Fabian, who was to entertain at the party, refused to go on when it began to get out of control.

A Los Angeles radio station, RLA, planned the party at Zuma Beach, a county facility 20 miles north of here. The violence began as the formal party ended at 11:15 p.m.

"It was a milling, drinking, ugly crowd of 25,000 to 30,000 young people on the beach in the dark," said Capt. Kirby Temple of the county lifeguard service. "They were fighting, shouting, grabbing girls, and tearing each others' clothes. You name it and they did it."

Law officers blamed the trouble on drinking. There was no race problem, they said. Most of the youths arrested were charged with drunkenness, bringing alcohol into a county park or juvenile possession of alcohol.

Herb Heiman, KRLA program director, said the trouble started when the program ended and the crowd didn't want to leave. It took law officers four hours to completely clear the beach.

Macmillan Gets Full Report From Kennedy

By ARTHUR L. GAVSHON

LONDON (AP)—President Kennedy and Prime Minister Harold Macmillan today weighed Western strategy in the wake of the Vienna conference, and announced they see eye to eye in pursuing common policies throughout the world.

Kennedy at the same time was beginning to shape up a half-hour report he will make to the people of the United States Tuesday night by radio and television.

Today the President met for four hours with Macmillan, at lunch and in private conversation. This was the windup of a sort of four-power summit conference by stages. First Kennedy spent three days with President Charles de Gaulle in Paris, then he was with Soviet Premier Khrushchev for two days' conversations in Vienna. That meeting ended Sunday night with a statement raising hopes of peace in Laos but reporting little concrete progress in other areas.

A statement issued after the conference said the two leaders noted with satisfaction the Vienna agreement for an effective cease-fire in Laos. They expressed belief this should lead to progress at the 14-nation Geneva conference on Laos, but such progress was not evident in today's meeting at Geneva. Communist delegates there continued to brush aside any talk of cease-fire violations by the Communist side.

Kennedy and Macmillan also announced "full agreement on the necessity of maintaining the rights and obligations" of the American, British and French governments in Berlin. This was one of the major issues discussed in Vienna by the President and Soviet premier.

The communists said the two men reviewed the world situation in the light of Kennedy's talks with both De Gaulle and Khrushchev.

"The President and Mr. Macmillan were thus able to continue the close personal contact begun in Washington two months ago," it added.

By ARTHUR L. GAVSHON
LONDON (AP)—President Kennedy today gave Prime Minister Harold Macmillan a report on his talks with Premier Khrushchev, talks that improved understanding between the superpowers without resolving their differences.

The two allied leaders met at Admiralty House to assess the Vienna encounter and discuss their next moves in quest of an easing of the power struggle between the Communists and the West.

The most heartening aspect the leaders have to go on is Khrushchev's apparent willingness to

Police Have Busy Time on Weekend

Also yesterday George Watson, 67, and Florine Terrell, 32, both Negroes staged a shootout on Dewey Street. Following an argument City Officers Shirley and Milam reported the woman shot at Watson two times with a .22 cal. pistol. Both shots missed and Watson let go a blast from a shotgun which hit the Negro woman in the chest and stomach. She is not considered badly injured. Both were charged with aggravated assault.

Autos driven by D. T. Taylor of Dallas and Reed Talley of Texarkana collided right in front of the Police Station. The Taylor car hit the other from behind. Only minor damage resulted. Officer Hollis reported.

Cars driven by Glacia Porter and Daisy Patterson collided at 7th and Dewey Streets with heavy damage inflicted to both vehicles. There was no charges, Officer Hollis reported.

Special Session of Legislature Appears Likely

LITTLE ROCK (AP)—The Arkansas Supreme Court turned down Gov. Orval E. Faubus' \$14.5 million omnibus bill in a 4 to 3 decision today.

One result apparently will be a mid-summer legislative session. Faubus said last Friday that a special session could be prevented only by approval of both the omnibus bill by the court and of his companion \$60 million construction bond plan by the people.

The bond plan is to be voted on at a special statewide general election on June 27, the date Faubus announced on Friday.

The court majority agreed with the plaintiff, Rep. J. H. Cottrell Jr. of Pulaski County, that the omnibus law, covering more than 30 construction and non-construction items, is unconstitutional.

Cottrell attacked the 1961 law on several grounds, chief among them a contention that it violated a constitutional provision requiring that every item be covered by a separate appropriation.

The proposed legislative session would reappropriate moneys allotted in the omnibus bill.

Faubus has said that if the bond construction program should also be rejected, he would ask that the omnibus money be asked to take care of the most pressing needs, notably at State Hospital.

Apparently, many agencies covered in the now invalidated law would be omitted in the proposed new legislation if voters rejected the bond plan.

Items in the nullified law included 2 million for teachers' salaries and \$800,000 for municipal turnback in addition to appropriations for a wide group of state agencies.

Despite the teacher salary item, the law has been officially criticized by the Arkansas Education Association and Faubus blamed much of the opposition on his frequent foe, Forrest Rozzell, the AEA's executive secretary.

The Arkansas Municipal League and several other organizations of public officials backed the law.

The Supreme Court reversed Pulaski Chancellor Guy E. Williams, who had ruled the law valid.

This Time Khrushchev Was Subdued

By WILLIAM L. RYAN
Associated Press News Analyst

VIENNA (AP)—Nikita Khrush-
chev of the Vienna summit was
a far different man from the one
who blew up last year's summit
in Paris and made a shambles of
a U.N. General Assembly session
in New York.

The man who talked face to
face with President Kennedy over
the weekend was for the most

part grave and subdued.

Probably there were good rea-
sons. Khrushchev came to Vienna
for a specific purpose.

Diplomatic sources say his main
purpose in seeking a meeting with
the President of the United States
was to have the young man who has
taken over the leadership of the
world opposition to Communist
ambitions.

These sources add that the So-
viet premier is likely to feel that
he accomplished that mission. He
talked with the President, and
from the talks got a better idea
of just how dangerous future
Communist expansion by direct
pressure may be.

Khrushchev also demonstrated

with startling clarity that he is
a man who is fully in control of
himself. By his sober perfor-
mance in Vienna he provided ample
evidence that he knew just what
he was doing when he took off
his shoe and banged it on his
table at the U.N. session last fall,
and when he stormed and raged
in Paris a year ago.

When it suits his purposes,
Khrushchev showed, he can take
on the appearance of a careful
statesman, too.

One of the most significant re-
sults of the exploratory summit
meeting here was the report that
Khrushchev did not push urgently
on the potentially explosive quar-
rel over Berlin.

A freak power mower accident and a fatal shooting on Saturday brought the Arkansas violent death toll to 16 for the week ending Sunday midnight.

DOROTHY DIX

"Biologically Ready, Should They Wed?"

By HELEN WORDEN ERSKINE

Dear Helen: I recently read a magazine article about teen-age marriages. It said, "Old Mother Nature biologically prepares young people for marriage when they are 15 and 16." It also said that 244,309 girls between those ages were married. This figure represents almost half the total number of women married in 1950. Of that number, 1900 were under 15.

My boy friend and I are teenagers who love each other very much. We had planned to marry in 1963 but that's a long way off and we wait to marry now. He has a good job, I'm a model. We both make good money.

My parents treat him like their own son and have no objection to our marriage but feel we should wait till I finish school. I could work in the day and go to school at night. Our main problem is telling my boy friend's parents. Being under age, he needs their permission. How can we get our parents to understand and agree with us? We don't want to hurt them. —Confused

Dear Confused: According to the latest statistics, 95,571 marriages were granted in the first half of 1960 showing a rise of 6.2 per cent above the 1955 figure. Of this number, more than half were teen-age marriages. Of course there are exceptions to every rule but these figures give concrete evidence of the risk.

Nature may prepare youngsters physiologically for marriage at the age of 15 and 16 but she certainly does not psychologically. Your parents are right. Complete your education and be qualified as a mature person to cope with the serious business of marriage.

Dear Helen: Is it proper to tell my fiance I would like a diamond on my birthday? He has asked me what I wanted. All I want is that diamond and it doesn't be expensive. —Faithful Reader

Dear Faithful Reader: A diamond engagement ring is a symbol of your fiance's love and his intention to make you his wife. Tell him a diamond is what you'd like but, if he can't afford it, you'll be pleased with whatever he gives since it comes from the one you love.

Dear Helen: I am 17, in grade nine and have been going with a boy my age for a year and a half, the latter half without my father's permission. There are seven in our family and I am the only one my father hits with a belt. I love this boy to much to break off. What can I do? Why does my father treat me this way? I'm threatening to run away. —Broken-hearted

Dear Broken-hearted: Fleeing from home is no solution. Being under age, you will only get into more trouble. Clandestine dating also leads to difficulty.

Get a fresh perspective on the situation by calling off all dates with the boy for one month. What has your father against him? If I knew I could answer you more specifically. Whatever his reasons, there is no justification for beating you.

Send your problems to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Keystones of the Home."

Knowing Member Clause Upheld

WASHINGTON (AP)—The Supreme Court today upheld validity of the "knowing membership" clause of the Smith anti-Communist law of 1940.

The clause makes it a crime to be a member of a group knowing that it advocates violent overthrow of the government.

Justice Harlan delivered the court's ruling.

The court made the decision in upholding conviction of Julius Irving Seales, scion of a prominent North Carolina family and onetime chairman of a Communist party district embracing the Carolinas.

Farm Group Hits Agri Measure

MEMPHIS (AP) — The legislative director of the American Farm Bureau Federation lashed out at the Kennedy administration's farm bill Sunday. He called it "a bid for complete control of agricultural production from a desk in Washington."

John C. Lynn of Washington set the theme for the AFBF Board of Directors meeting here. Lynn predicted Secretary of Agriculture Orville Freeman will attempt a radical change in the

existing system of subsidies to cotton farmers. Lynn said Freeman will push a program to let all American cotton sell at the world price instead of paying the existing export subsidy to move American cotton into foreign markets. He said this would result in an advantage for small and probably less efficient farm units.

Twenty-three board members from throughout the country will attend the three-day meeting. Louisiana was named from Louis XIV of France.

Macmillan Gets

keep talking at all levels about issues that divide the West and the Soviet Union.

The President, whose father became the target of bitter criticism as ambassador to Britain at the outset of World War II, will receive the highest hospitality the nation can offer—lunch with Macmillan and dinner with Queen Elizabeth II at Buckingham Palace.

Before taking off for Washington tonight, Kennedy also will be godfather at the christening of the daughter of Princess Radziwill, Mrs. Kennedy's sister. The Kennedys stayed at the Radziwill home Sunday night. Mrs. Kennedy is remaining in London for a week's visit with her sister.

Macmillan went to London airport to greet Kennedy as he arrived by jet with his wife from Vienna.

"We had a long and varied journey, and it is a great pleasure to come to this ancient country," Kennedy said.

The beaming young President obviously was warmed by the cheers and waves of 250,000 Londoners who lined the 15-mile route from the airport.

Kennedy is no stranger to the British. He was constantly in and out of London while his father, Joseph P. Kennedy, was ambassador from 1938 to 1940.

According to diplomats in Vienna and London these are likely to be the highlights of Kennedy's rundown for Macmillan:

Berlin and Germany—No great crisis seems imminent. Khrushchev still wants a new status for Berlin in the absence of a peace settlement for all Germany, keep-

FLAMELESS

Plan now to Enjoy
Cooling this Summer

HERE IS EVERYTHING YOU NEED TO KNOW BEFORE YOU BUY AIR CONDITIONING!

What is Air Conditioning?

Air conditioning does not make cold air; through refrigeration it removes the heat and excessive moisture from the air in your home, leaving it much more comfortable in summer. Fans in the unit circulate the air and filters catch the dust and pollen.

What kind should you buy?

This depends on the cooling job you wish done. For individual room air conditioning, you will probably choose window units. Larger units for house-wide air conditioning may be added to existing ductwork in your home, or the Flameless Electric Heat Pump can provide both summertime cooling and wintertime heating.

What size should you buy?

The actual capacity you will need to cool a room depends upon the construction of your home, its exposure to the sun, the number of persons in the room and the inside temperature you wish to maintain. Air conditioners today are rated in BTUs, and roughly 15 BTUs of capacity are required to cool each square foot of floor area 15 degrees below outside temperature.

What is meant by B.T.U.?

It is a measure of heat units (British Thermal Units) and is much more accurate in describing air conditioner capacity than "tons" or "horsepower". For average room use, window units should carry a rating of from 8,000 to 9,000 BTUs per hour based on 85 degree outside temperature.

115 Volt or 230 Volt Wiring?

Many windows units today are rated at 7.5 amperes and may be plugged into the standard 115 volt household circuit. In homes with 230 volt wiring, units of that capacity may operate somewhat more efficiently, with less drain on the home's wiring system.

What will it cost to operate?

This depends on two things: the outside temperature during summer and the degree of temperature you want to maintain inside. You pay for electricity to produce refrigeration, and the longer the unit runs or the harder it must work to produce the difference between outside and inside temperatures, the more electricity it uses. Our figures show that among our customers the average cost for operating the standard window unit is 2 cents per hour.

USE THIS BUYER'S GUIDE

Fill in the blanks before you talk to your electric appliance dealer and he'll be able to give you a better idea of the right size air conditioning equipment your home needs. There's no obligation—he's anxious to help you get the best in summertime comfort.

Indians Make Bid But Tigers Boom Homers

By JACK HAND
Associated Press Sports Writer

Cleveland is making a big move in the American League race by winning 18 of its last 22 games but it can't match the home run boom of the front-running Detroit Tigers.

The secret of Detroit's ability to do much when they get out of Wrigley Field. The Indians won 5-3 and 8-4.

New York finally found a pitcher besides Whitey Ford who could go the route in Bill Stafford. He proceeded to hold Chicago to seven hits while the White Sox slipped in with five errors, easing the Yanks' way to a 10-1 romp.

Boston beat Baltimore 6-5 on Joe Ginsberg's pinch two-run single in the last of the ninth. It was Ginsberg's first hit of the year.

Jim Archer, who escaped from the Kansas City bullpen on the suggestion of owner Charlie Finley, went all the way to top Washington 8-5 although he gave up 15 hits, five in the ninth.

In the National League, Los Angeles remained a half game in front of Cincinnati and San Francisco, who are tied for second.

The Giants knocked off the Dodgers 4-2 on Felipe Alou's two-run homer. Cincinnati split with Chicago, the Reds taking the first 3-1 but losing the second 8-2.

Warren Spahn won his 294th as Milwaukee beat St. Louis 7-1 and Philadelphia's Don Ferrarese blanked Pittsburgh 5-0.

The Tigers rally exploded the power to back up Frank Lary on route to his eighth victory in the opener. Brown, Wood and Fernandez hit their homers in the eighth inning. Bob Bruce gave way to Paul Foytack, the eventual winner, in the second game of a doubleheader played before 32,761 at Detroit.

John Romano continued his streak, hitting safely in his 18th and 19th games in Cleveland's sweep over the Angels. Jim Perry needed help from Bob Allen and Frank Pulk in the first. Wynn Hawkins, all of whose five victories have come on Sunday, got a hand from Bobby Locke in the late innings of the second.

The Yanks got four runs off Billy Pierce in the first inning on three walks, an error by Luis Aparicio and a three-run double by Elston Howard. Later, Roger Maris hit his 15th homer.

troit hit eight homers while sweeping two from Minnesota 10-4 and 9-3. The Tigers remained two games ahead of Cleveland which beat Los Angeles twice 5-3 and 8-4. New York thumped Chicago 10-1, Boston shaded Baltimore 6-5 and Kansas City whipped Washington 8-5 despite 15 Washington hits.

The Giants' victory over the Dodgers was the first in their last six meetings and salvaged the final game of a series. A crowd of 47,463 saw the Giants get two off Stan Williams in the first and add another pair on Alou's homer in the seventh. Los Angeles scored on Johnny Roseboro's homer in the fifth and again in the seventh on Jones' walk with the bases loaded.

Young Maloney, who was 21 Friday, had a shutout in the first game until Chicago's George Altman homered with one out in the ninth. Jim O'Toole did not have the same good fortune. Back-to-back homers by Ron Santo and Ernie Banks in the first started him on the way to his fifth defeat despite Frank Robinson's 13th home run.

Spahn lost a chance for his 53rd big league shutout when he uncorked a wild pitch that let in a run in the fourth inning. Home runs by Lee Maye and Frank Bolling accounted for five of the Braves runs off Bob Gibson.

The Phillies' knocked out Vinegar Bend Mizell in the second inning. Manager Danny Murtaugh for the second time this season called on Bob Friend, a starter, for relief work. Ferrarese allowed only five hits.

Don Ferrarese, a refugee from the American League, made his first victory for Philadelphia a 5-0 job against Pittsburgh. It was the second time in three days the Pirates had been shut out by the Phils.

In the American League, Detroit hit Wilhelm came after the Red Sox had failed three times to bring home the tying run from third base. Jim Gentile hit No. 14 for the Orioles.

Kansas City climbed past Washington into fifth place on Archer's victory. Among the 13 hits by the A's was Andy Carey's third

Nat'l League Race Is a Wild Scramble

By THE ASSOCIATED PRESS

The National League race is a wild scramble with Los Angeles out front by only a half game and San Francisco tied with Cincinnati for second place.

Despite Los Angeles' 4-2 defeat at the hands of San Francisco Sunday, the Dodgers retained the lead because Cincinnati had to be satisfied with a split against Chicago.

After Sam Jones ran into a wild streak in the seventh inning, the Giants' once more called on Stu Miller, who stopped the Dodgers the rest of the way.

The Giants' 4-2 victory, set up by Felipe Alou's two-run homer off loser Stan Williams, cut the Dodgers' National League lead to a half game. The Giants and Cincinnati Reds are tied for second, five percentage points back.

Cincinnati could have regained the lead but they stumbled over Chicago after winning the first game. Jim Maloney threw a three-hitter at Chicago in the 3-1 opener but the Cubs downed the Reds 8-2 in the second game.

Warren Spahn, spinning along toward another 20-game season, won his sixth of the year and the 294th of his career, by pitching Milwaukee to a 7-1 decision over St. Louis. He gave up only six hits.

Travs Come Back to Beat Atlanta

BY VERNON BUTLER
Associated Press Sports Writer

Southern Association baseball fans, a diminishing breed these past few seasons, are certainly getting their dollar's worth lately the way the clubs have been playing them close to the vest.

Front running Chattanooga, trimmed 3-2 by Macon in the opener of a doubleheader and faced with a shutout in the short nightcap, charged back with four runs in the final inning to win it 4-3. Little Rock shaded Atlanta 6-5 in their opener, but the Crackers hung on for a 3-2 verdict by George McCue, and Shreveport broke a nine-game losing streak when Gordon MacKenzie's second straight homer decided a 9-7, 10-inning duel with Mobile.

Atlanta blew a 5-0 lead over Little Rock in the first game. The Travs came back strong after rain delayed activity for 35 minutes and routed Crackers left-hander Ron Hubbard with four runs in

the sixth inning. The Crackers received strong pitching from Larry Miller and Jack Smith in the second game. Smith, who surrendered the game-winning hit to Eddie Richardson in the first, fanned Manager Fred Hatfield and Richardson in succession in the seventh inning to save Miller's victory.
